Dear Colleague:

Hospital Services Corporation (HSC), a subsidiary of the New Mexico Hospital Association, is pleased to endorse the MHA Group for physician and healthcare professional recruitment and staffing. Our relationship with the MHA Group has been in place since 1997, and we strongly encourage their services for any hospital or healthcare institution in need of recruitment.

The MHA Group, a division of AMN Healthcare, is comprised of four health care staffing and consulting companies providing services in the areas of permanent and temporary physician and allied staffing. The Group includes Merritt Hawkins & Associates, Staff Care, Med Travelers, and RN Demand. What differentiates The MHA Group from other recruitment firms is their specific attention to, and thorough assessment of, each healthcare institution's needs. Their goal is not only to locate a placement for the search, but to also find a perfect fit for the healthcare organization.

With over 900 consultants nationwide, the MHA Group provides optimal recruitment services, a large national database of healthcare practitioners, and skilled healthcare recruiters. We have found that MHA is always willing to commit the time and resources necessary to fulfill its customers' needs on a consistent basis.

If you have any questions regarding HSC's relationship with the MHA Group or their available services, please contact Brett Weinstein at bweinstein@nmhsc.com.

Sincerely,

Deborah Gorenz
President
