To Whom It May Concern:

HealthShare/THA has, through its board of directors, endorsed The MHA Group, better known as Merritt, Hawkins and Associates for over ten years. We strongly endorse and recommend this company to any hospital and/or community in need of physicians and health care professionals.

MHA's healthcare industry knowledge is superior and their level of professionalism is the highest we encounter. We routinely measure the performance of our endorsed companies through Performance Satisfaction Surveys, and MHA consistently ranks at the highest level. Of particular mention is their significant communicative skills and willingness to follow through, regardless of what is on their plate at the time. Their problem solving process and procedures complement their image.

Based on their record of outstanding service, MHA has been selected as HealthShare/THA's Vendor of the Year on two separate occasions. They are a founding and continuing supporter of the THA Community Service Award, and Texas Healthcare Turstees (THT) educational activities.

The MHA Group is a strong relationship-building company. We appreciate their professionalism, hard work, commitment to client service, and high standard of integrity. If you have questions about any aspect of their family of companies, please feel free to call me at 512.465.1074.

Sincerely,

Brian Stevens
President/CEO
