To Whom It May Concern:

This letter is to acknowledge the ongoing positive and productive relationship between MHA Ventures, Inc., a subsidiary of MHA...An Association of Montana Health Care Providers, and Staff Care, a national temporary physician and allied health care staffing company.

Established in 1991, Staff Care is one of the leading locum tenens staffing firms in the United States. As a company of AMN Healthcare (NYSE: AHS), Staff Care is part of the largest health care staffing organization in the country.

MHA Ventures finds Staff Care's industry expertise, commitment to quality, and consistent professionalism to be superior in the industry. Staff Care takes a partnership approach with its clients, not only placing qualified temporary physicians and allied professionals, but also providing complete consultative and logistical support. Staff Care is not only able to achieve consistent placements, but it also guides its clients through the temporary staffing process, to ensure timely licensure and credentialing and thorough provider orientation.

A member of the National Association of Locum Tenens Organizations (NALTO), Staff Care is highly regarded in the medical staffing industry and is one of the few firms in its field to earn the *Joint Commission's Gold Seal of Approval*.

In addition, Staff Care has brought national recognition to outstanding rural physicians by sponsoring *The Country Doctor of the Year Award*, which has been featured in such media outlets as *People Magazine*, *Parade*, *USA Today*, *The Today Show* and many others.

MHA Ventures has found Staff Care willing to invest the time and energy to build positive client relationships in Montana. Please contact Jeff Springer at (406) 442-1911 or jeff@mtha.org if you would like additional information about Staff Care.

Sincerely,

Dick Brown
Executive Director
