

HSC

efficient[™]

May 17, 2011

To Whom It May Concern:

It is a pleasure to confirm and describe the on-going relationship that Hospital Services Corporation ("HSC") has developed with Staff Care, one of the leading providers of temporary physician and allied health care professional staffing services in the United States.

Established in 1991, Staff Care is a company of AMN Healthcare (NYSE: AHS), the largest health care staffing organization in the country. Staff Care is known nationwide as the sponsor of the **Country Doctor of the Year Award**, a program recognizing the spirit, skill and dedication of America's rural medical practitioners that has been profiled by *People Magazine*, *Parade*, *USA Today*, *The Today Show* and many other media outlets.

A member of the National Association of Locum Tenens Organizations (NALTO), Staff Care is highly regarded in the medical staffing industry, and is one of the few firms in its field to earn the **Joint Commission's Gold Seal of Approval**.

Of most importance, Staff Care has established a track record of providing excellent service within our state. Staff Care has placed numerous temporary physicians and allied health care professionals throughout New Mexico, while earning high marks for its professionalism and commitment to client service. Staff Care not only is able to achieve consistent placements, it also guides its clients through the temporary staffing process to ensure timely licensure and credentialing and thorough provider orientation.

We have found that Staff Care has been willing to invest the time and energy to build positive client relationships in New Mexico and would be happy to discuss their services further. Please contact me at 505-343-0070 if you would like additional information about Staff Care.

Sincerely,

Deborah Gorenz
President
